

NEUROTIRIS

ADVANCED MICROCURRENT SCIENCE FOR ANTI-AGING

MICROCURRENT ANTI-AGING TREATMENT

NeurotriS Microcurrent Treatments use the latest advancements in NANO technology to offer patients a non-invasive solution for facial & body sculpting. If you are not ready for a surgical procedure because of time, financial, or medical limitations, we can offer a non-surgical approach to improve and return a youthful appearance. The experience is wonderfully relaxing and euphoric, causes no pain, swelling or downtime, and noticeable results begin immediately.

MICROCURRENT FACIAL CONTOURING & LIFTING

This treatment has been called the "non-surgical facelift". Not only will you be incredibly relaxed, you will see instant results with each treatment. This process uses specific bioelectric signals to diminish fine lines, creases, and wrinkles, while revitalizing and hydrating the skin making it smoother and softer. It also improves circulation and lymphatic drainage, rejuvenates the natural "glow" of youthful hues, firms and contours skin, tightens sagging jowls, double chins, and fatty cheeks, reduces acne and rosacea, and reduces dark circles or puffiness under the eyes. No other esthetic service can come close to these proven results!

MICROCURRENT BODY TONING & SCULPTING

This process uses Specific Frequency Signatures to cause hydrolysis of triglycerides (shrink fat cells) while simultaneously toning muscle. It also improves circulation and lymphatic drainage. Experience a relaxing treatment and see why Vogue magazine calls this "the miracle machine".

Legs and Buttocks Sculpting - Reduce the appearance of stretch marks, cellulite, scarring and dimpling with this relaxing treatment. The best procedure for cellulite is finally here! See benefits in skin tightening, lift sagging areas, muscle toning, hydration and overall appearance of the skin.

Stomach and Back Sculpting - Tighten and tone the stomach and love handles with this treatment designed to sculpt your waist line. See a reduction measured in inches and dress sizes. This is a great treatment for post pregnancy issues!

Arm Sculpting - Experience a relaxing treatment resulting in sleeker arms. Flabby arms are toned and tightened... see improvements in sagging and loose skin!

*** A series of twice weekly treatments will produce cumulative and profound results. ***
